

SP Setia (SPSB MK)

Strengthen the foundation

Enhancing business sustainability; U/G to BUY

While SPSB strives to achieve its MYR4b sales goal (-6% YoY) for FY22, it is also aiming to strengthen its financials by paring down its net gearing (0.6x as at Dec 2021) via non-core land sales, reducing inventories, optimizing land use by bringing in strategic partners and improving/increasing digitalization. No change to our earnings forecasts and MYR1.42 TP (0.4x FY22 PBV). We upgrade SPSB to BUY in view of a total return of >15%.

Striving to lower its debt level

To lower its debt level, SPSB is looking at several measures including monetizing non-core landbank (about 1,000 acres) and bringing in strategic JV partners for some of its projects such as Setia Federal Hill (52 acres; MYR20b in GDV) in order to lower the upfront costs. Apart from that, SPSB will continue to focus on clearing its completed inventories while being careful in launching new projects. To recap, SPSB's net gearing was 0.6x as at end-Dec 2021 (industry average: 0.33x).

Cost saving measures to protect profit margins

Margin outlook may be unexciting due to higher raw material prices and SPSB's short-term focus on clearing its completed inventories (by offering attractive discounts/rebates). Depending on the projects' popularity and saleability, SPSB may have no choice but to absorb some of the additional operating costs. To cushion the impact from higher raw material costs, SPSB has adopted various cost-cutting measures including enhancing its digitalization (marketing) initiatives, which have saved almost 50% of its marketing costs as compared to traditional marketing methods.

Positive surprises from Battersea Power Station?

Potential surprises could come from the Battersea Power Station (BPS) commercial asset in 2027. The commercial asset, which was sold to a 65:35 PNB:EPF JV company for GBP1.58b in 2018, is under a price adjustment mechanism. The mechanism enables SPSB to enjoy the upside in the development if the actual rental income performs better than the agreed 5% yield on the GBP1.58b base price. As at Feb 2022, 84% of the commercial spaces have been successfully leased out to quality tenants including APPLE Inc. The retail spaces are slated to be opened in Sep 22.

Business Model & Industry Issues

- SPSB is one of the leading property developers in Malaysia. At end-Dec 2021, it has remaining landbank of 7,237 acres worth MYR122b in GDV, spread over Malaysia, London, Singapore, Vietnam and Australia. So many development projects could expose SPSB to certain ESG risks (including bribery and corruption).
- SPSB has established several policies i.e. the Code of Conduct and Business Ethics as well as Whistleblowing Policy to ensure the group's business conduct is consistently carried out ethically and with integrity.
- SPSB has established Organisation Anti-Corruption Plan (OACP) from year 2021 to 2023 in support of the National Anti-Corruption
 Plan agenda in 2019. The OACP is to inculcate a culture of high integrity by providing directions through a structured framework
 on corruption prevention in its effort to combat corrupt practices.

Material E issues

- SPSB was the first property developer in Malaysia to obtain the Chain of Custody (COC) certification issued by the Malaysian Timber Certification Scheme since 2017. The certification demonstrates SPSB's support for sustainable forest management.
- Pioneer property developer who completed four solar hybrid commercial hubs and convention centres. SPSB has completed the installation of 156 units solar PV rooftop at Setia EcoHill Walk which is known as first solar panel hybrid commercial hub in Semenyih.
- A total of 13 EV charger stations have been installed at Setia Eco Templer Clubhouse, Setia Alam Welcome Centre, Setia Eco Glades sales gallery, Lifestyle Hub @ Setia Eco Park, TrioWalk @ Setia Trio, convention centres and SPSB headquarter building.
- SPSB spent MYR740m for the development of affordable housing projects with 5,943 units of completed affordable houses in 2021.

The acquisition price, which was 40% discount to the adjusted unaudited NAV of I&P's properties of MYR6b seemed fair to us. The acquisition was funded via debts, rights issues and private placement. In 2018-2019, I&P contributed c.19-20% of SPSB's total sales.
 - Inland Revenue Board of Malaysia (IRB) had demanded MYR75.4m from SPSB's wholly owned subsidiary Bandar Setia Alam S/B in additional taxes relating to five years of assessments and penalties in 2017.
